

THE PRODUCER

For those willing to make an investment and reap the longterm rewards, this system offers VIP access to wireless energy from our solar systems premiere power plant.

This system represents the limit for a 200A electrical service.

Take advantage of real-time energy monitoring and net metering with your power commission offering you a working asset on your home.

Enjoy significant savings and promote an alternate, environmentally friendly source of power for a warrantied 25 years.

14,500kWh Annual Solar Energy Production

(\$1,750 annual savings 2019 power rates)

(33) 365W solar panels

- \$8,613.00

Flush Mount Racking for Shingle or Metal Roof

- \$2,900.00

(33) Enphase IQ7+ Micro Inverters and Trunk Cable

- \$6,930.00

Enphase IQ+ Envoy Solar Production & Home Consumption Monitoring

- \$589.00

Estimated Cost for cable, disconnects, breakers to connect system to home electrical panel

- \$1,700.00

\$23,841.80

Taxes included
Installation extra*
(\$3000 Estimated
Installation)

*Installation costs vary depending on the system and location. Contact us today for a quote.
